

AGENDA

TRENDS IN LASER CUTTING

Tuesday, September 30, 2025

09:00	Arrival and reception of the guests
09:45	Welcome
Lecture series on laser cutting	
10:00	“Influence of the cutting gas flow on the design of a laser cutting head” Dr. Bert Schürmann Precitec GmbH & Co. KG
10:30	“AI-enabled optimization of the laser cutting process” Nico Heinz Precitec GmbH & Co. KG
11:00	Coffee break – meet the speaker
11:30	“Gas Flow Effects on Cutting Edge Structure in Laser Cutting” Dr. Madlen Borkmann Fraunhofer Institute for Material and Beam Technology IWS

12:00	Round table discussion
12:30	Lunch
13:30	Live demonstration company tour
16:00	“In the same boat” Keynote Speaker Sports and Psychology Florian Mennigen
18:00	Get-together in the evening
