

AGENDA

TRENDS IN LASER CUTTING

Wednesday, October 1, 2025

| | |
|---------------------------------|---|
| 08:00 | Arrival and reception of the guests |
| 09:00 | Welcome |
| Lecture series on laser cutting | |
| 09:15 | “Synchrotron X-ray Imaging at DESY - Insights into laser material processes” Felix Zaiß Institut für Strahlwerkzeuge (IFSW) |
| 09:45 | “Cost reduction opportunities - plasma versus laser cutting” Dr. René Siebert Precitec GmbH & Co. KG |
| 10:15 | “ProCutter Prime: Unleashing Performance, Precision, and Productivity in Laser Cutting” Dr. René Siebert Precitec GmbH & Co. KG |
| 10:45 | Coffee break – meet the speaker |

| | |
|--|---|
| Lecture series on additive manufacturing | |
| 11:15 | “Towards industrial high-speed DED applications: a machine OEM’s perspective” Tobias Stittgen Ponticon GmbH |
| 11:45 | “Additive Manufacturing in Practice: Applications and Insights” |
| 12:15 | Lunch |
| 13:00 | Live demonstration company tour |
| 17:00 | Farewell to the guests |
