

AGENDA

TRENDS IN LASER WELDING

Tuesday, September 30, 2025

09:00	Arrival and reception of the guests
09:45	Welcome
Lecture series on laser welding	
10:00	“Laser Welding in Powertrain Applications - Highly efficient manufacturing solutions” Daniel Rujanoski EMAG LaserTec GmbH
10:30	“SeamControl - Innovative Imaging Techniques for High-Precision Industrial Applications” Stefan Birmanns Precitec GmbH Co. KG
11:00	Coffee break – meet the speaker
11:30	“Robust laser process solutions powered by Precitec sensors” Florian Kiefer TRUMPF SE + Co. KG

12:00	Round table discussion “From white paper to cash cow at the speed of light - successful technology transfer in additive manufacturing” Till Falco Böse Karlsruher Institut für Technologie (KIT) and Dr. Jens Reiser Precitec GmbH & Co. KG
12:30	Lunch
13:30	Live demonstration company tour
16:00	“In the same boat” Keynote Speaker Sports and Psychology Florian Mennigen
18:00	Get-together in the evening
